# RYAN C. MARSH

---

## PROFILE

I am currently working on a game for my son and still learning about developing technologies. I have been going to Full-stack meet ups to further my education in the new technologies coming out. I've learned the basics of HTML, CSS, JavaScript, jQuery, and Ruby. I work at a school right now doing Landscape maintenance and helping our IT department every once in a while, also I coached our varsity boys soccer team. I love being creative, thinking through problems and solving them. I am a really quick learner. I believe I have the tenacity to do anything my mind is set on. I have also worked as a customer support agent and love to help customers with their problems no matter how big or small they may be.

## EXPERIENCE

LANDSCAPING SUPERVISOR, MARANATHA SCHOOL

2009-PRESENT

I work as the supervisor for the landscaping department, overseeing employees and maintaining irrigation and the general campus. I collaborate with other maintenance co-workers on projects for the school and help with general up-keep around our 12-acre campus. I have also coached the boys soccer team and last season led them to a league win. I have on occasion also helped our IT department with iPad checks and set-ups for students and teachers. I am constantly coming up with new ideas on how to make our school better and start new projects to beautify the school.

Customer Support Agent, Teamwork Athletic Apparel

FEB 2012-JULY 2012

I would take customers phone calls to help place orders and answer any questions the customers may have had about our website or products we sold. I would help troubleshoot web connectivity issues as well as browser related problems. I would offer support to customers as they tried to navigate the website and place order. I would take any comments or complaints customers had about our site and document them so we could fix the problems.

## EDUCATION

RECEIVED CERTIFICATION OF WINE TECHNOLOGY AND VINEYARD MANAGEMENT  
@ MIRA COSTA COLLEGE -OCEANSIDE, CA

## SKILLS

Friendly. Creative. Quick-learner. Great communicator. Educated in web development. I quickly adapt to new environments. Punctual. Loves being challenged. Good at following directions (a skill I've mastered since being married) & Focused.
